RE: Spring Submission for 2025-26 Overnight/Extended Trips or
Activities

In accordance with Board Policy I-19, we are submitting additional requests that outline the intent of schools to conduct overnight/extended trips or activities for the 2025-26 school year. The original forms with appropriate signatures from the principal, SIC Chair and SCC Chair are on file in the School Leadership and Performance office.

Please note that sponsors do not always have detailed information this far in advance but have attempted to be as complete as possible. Not all trips requested will occur, so they have made their best predictions. Fundraisers and/or grants will support all school-sponsored trip expenses and schools must adhere to Policy I-19 (overnight and extended trips) and Policy G-8 (transportation of students).

In addition, students that qualify for fee waivers cannot and will not be discouraged or not allowed to participate, and schools must be able to absorb the costs for fee waivers. Attached are the schools that have requested additional overnight/extended trips or activities for 2025-26 and have been approved through School Leadership & Performance. We are asking that the board approve the attached trips.
